

PROFILE SUMMARY

CCNA-certified graduate with deep expertise in network infrastructure, security, and Linux administration. Proficient in designing secure architectures, implementing routing protocols, and leveraging automation tools like Python and Ansible to optimize performance. Committed to building resilient and secure network environments through protocol analysis and advanced firewall management.

TECHNICAL EXPERIENCE & PROJECTS

Security Operations & Network Lab

ONGOING

Connecting Cyber Networks Institute

- Mastered enterprise-grade switching, routing protocols, and vulnerability assessment through intensive hands-on **CCNA** and **CEH** training.
- Utilize **Wireshark** for deep-packet analysis to identify network latency, traffic anomalies, and potential security threats.
- Configuring and maintaining next-generation firewalls including **Cisco ASA, Checkpoint, and Palo Alto** to enforce perimeter security.

Network Infrastructure Lab

ACADEMIC PROJECT

Enterprise Simulation (Cisco IOS & RHEL)

- Architected scalable network topologies using **OSPF** and **BGP** for dynamic and reliable routing.
- Implemented robust security controls including ACLs, NAT/PAT, and IPsec VPN tunnels for secure data transmission.
- Automated core configuration tasks using **Python** and **Ansible**, achieving significant reductions in deployment timelines.

Regional Coordinator (Leadership)

PRESENT

Robin Hood Army (Bhandup - Mumbra Region)

- Orchestrating large-scale food distribution logistics in a zero-funds environment, serving thousands of underprivileged citizens.
- Managing a diverse volunteer workforce, demonstrating strong organizational leadership and resource optimization.
- Robin Hood Academy:** Facilitating primary education initiatives to bridge the gap for street children entering formal schooling.

TECHNICAL SKILLS

Networking & Security

CCNA OSPF/BGP VLANs

IPSec VPN ACLs

NAT/PAT Firewalls

Tools & Automation

Python Ansible Wireshark

Cisco IOS Linux (RHEL)

Nmap Git

EDUCATION

B.Sc. Computer Science

NES Ratnam College

Graduated Oct 2024

CERTIFICATIONS

CCNA

Cisco Certified Associate

CEH

Certified Ethical Hacker

LANGUAGES

English Hindi Marathi
