

PROFESSIONAL SUMMARY

Dynamic and detail-oriented Network Support Executive with hands-on enterprise production experience and rigorous CCNA & CEH training. Specialized in maintaining high-availability wireless infrastructure, troubleshooting complex guest connectivity issues, and managing multi-vendor firewalls (Palo Alto, Check Point, Cisco ASA). Adept at creating security policies, NAT, ACLs, and resolving network incidents under SLA constraints. Passionate about transitioning into Network Security & Firewall Engineering.

PROFESSIONAL EXPERIENCE

Microsense Networks Private Limited

MAY 2026 – PRESENT

Network Support Executive (Deployed at ITC Grand Central Hotel)

- Deliver on-site 24/7 technical support for high-availability enterprise Wi-Fi networks in a hospitality environment.
- Troubleshoot guest wireless connectivity, captive portal login failures, and RADIUS/authentication issues.
- Conduct signal and traffic diagnostics using Wireshark to isolate wireless performance and latency anomalies.
- Manage deployment, hardware replacement, and post-installation validation of wireless Access Points (APs).
- Maintain thorough incident documentation and systematically escalate complex network and routing issues to senior teams.

TECHNICAL PROJECTS & LABS

Network Security & Firewall Lab

TECHNICAL IMPLEMENTATION

Multi-Vendor Security Gateway Management

- Configured policies, NAT rules, and access controls on physical/virtual **Palo Alto, Check Point, and Cisco ASA** firewalls.
- Implemented URL filtering, user authentication, security profiles (IPS/IDS), and logging/syslog alerting.
- Deployed active/passive High Availability (HA) configurations to validate network redundancy and failover times.

Enterprise Network Infrastructure Lab

SIMULATED ENVIRONMENT

Multi-Vendor Routing, Switching, & Automation

- Designed enterprise topologies using Cisco IOS; configured multi-area **OSPF, BGP, VLANs, and Inter-VLAN Routing**.
- Implemented secure remote access (SSH, ACLs), dynamic NAT/PAT, and site-to-site **IPSec VPN** tunnels.
- Automated daily device configuration backups and interface health checks using **Python** and **Ansible**.

VOLUNTEER EXPERIENCE

Regional Coordinator

ONGOING

Robin Hood Army – Bhandup–Mumbra Region

- Coordinate volunteer distribution drives and food collection operations in a zero-funds model to serve underprivileged groups.
- Manage and schedule volunteer shifts across multiple locations to ensure weekly drive completion.
- Support Robin Hood Academy educational initiatives by teaching basic subjects and helping kids transition to formal schools.

TECHNICAL SKILLS

Networking

- OSPF / BGP
- VLANs / STP
- Inter-VLAN Routing
- Enterprise Wi-Fi
- DHCP / DNS
- HSRP / EtherChannel

Firewalls & Security

- Palo Alto
- Check Point
- Cisco ASA
- NAT / PAT / ACLs
- IPSec VPN
- IPS / IDS / URL Filter
- Vulnerability Scan

Tools & Platforms

- Linux (RHEL/Kali)
- Wireshark
- Python (basics)
- Ansible (intro)
- Git
- Docker

EDUCATION

B.Sc. Computer Science

NES Ratnam College
Graduated Oct 2024

PROFESSIONAL TRAINING

CCNA Training

Connecting Cyber Networks

CEH Training

Connecting Cyber Networks
